

Sprint GTS

Characterised by an exclusive chromatic colour design, the Sprint GTS chair is equipped with motors that provide 40% more power than standard models, enabling speeds of up to 12 Km / h.

The highest range of the "SPRINT GT" program is the special "GTS" model characterised by its exclusive design with chromatic colours. Fitted with motors providing 40% more power than standard models, it can reach speeds of up to 12 Km / h. and overcome obstacles to date considered almost impossible. The new MEYRA CAN system ensures maximum use of this higher power and guarantees the possibility of adapting other functions. Our vast experience has also been applied to the design of the new control panel, adapting it to more ergonomic criteria.

Colours

Exclusive design with chromatic colours.

Non-tip wheels

Non-tip rear support wheels.

Joystick (manche à balai)

Easily steerable using the user friendly, highly sensitive joystick.

Dimensions and Weight					
Type of application	Category B		Maximum height of a downward step (mm)	60	
Seat width (mm)	40-48	Acceptable slope (%)		12	
Seat height (mm)	54	Acceptable transversal slope (%)		12	
Seat depth (mm)	39-50	Maximum climb grade (%)		12	
Back height (mm)	45	Maximum continuous climbing capacity (%)		12	
Armrest height (mm)	20-25	Non-tip safety system (%)		22	
	Ready to be driven	Transport	Maximum battery tilt angle (degrees)	55°	
Length (mm)	113	85	Empty weight with gel batteries (kg)	Ready to be driven	121
				Transport (without back, sides, footrest)	111
Height (mm)	102	56	Empty weight with acid batteries (kg)	Ready to be driven	115
					Transport (without back, sides, footrest)
Width (mm)	67	65	Maximum weight permitted (kg)		245
Steering wheel (front) (mm)	260 x 85		Maximum user weight (kg)		120
Drive wheel (rear) (mm)	3.50"		Maximum additional luggage (kg)		10
Turning circle (m)	1.75	Efficiency of the action radius with gel batteries (km)	6 km/h	40	
			10 km/h	30	
Minimum obstacle height (mm)	60	Efficiency of distance travelled with acid batteries (km)	6 km/h	50	
			10 km/h	40
