

# Avanti<sup>2</sup>

Design, innovation and functionality. Foldable chair fully constructed in aluminium and characterised by its slanting front construction. Just like Avanti 1, its modular system offers various possibilities of adaptation. Ideal for different degrees of disability.

## Footrest

The frame accepts different types of wheels. The footrest guarantees solid support and may be placed either facing inward or outward.

## Progressive braking system

System of progressive, safe adjustment of the brake pressure on the wheel.

## Adaptability

The modular system makes it easily and quickly conditioned and adapted to any need.

		Model 1.835					
Seat width (cm)		38	40	43	46	48	50
Width (cm) (with sides Code 101)	Prêt à être utilisé	56	58	61	64	66	68
	Pisé	28					
Width (cm) (with sides Code 81/84)	Prêt à être utilisé	60	62	65	68	70	72
	Pisé	32					
Length (cm)	Sur repose-pied	92					
Height (cm)		95 / 98					
Width of the back strap (cm)		35 / 38 / 42 / 45					
Seat depth (cm)		40 / 43 / 46					
Seat height (cm)		42,5 - 54,5					
Armrest height (cm)		19 - 26					
Drive wheel (inches)		22" / 24"					
Empty weight (kg)		min. 12,5					
Transport weight (kg)		min. 8,5 (without drive wheels, sides, supports, stop and legs)					
Maximum user weight (kg)		max. 120					
Maximum permitted weight (kg)		max. 138
